Rule of WER 2019 Team Show

1. Theme: The Rise of AI, the Rise of Innovation

Artificial intelligence was born in the middle of the 20th century and has been booming recently. It has achieved rapid development in problem solving, deductive logic and machine automatic proof theory, etc., and set off a wave of research and simulation of human thinking. Its advancement has brought huge convenience to many fields, such as intelligent voice device, face recognition, self-driving vehicles, meeting our recreational demands and leading to a better future. It is believed that in the near future, human-created machines can become artists, musicians, engineers, etc.

2. Rule

After registration, each team enters their debugging area to prepare and display. In the progress of Team Show, each team expresses their view of the theme by means of poster, speech, drama and performance within 3 minutes. Meanwhile, they are supposed to demonstrate outstanding demeanor.
